DOCUMENTATION TO BE SUBMITTED WITH THIS APPLICATION

We require all candidates who are registering a new firm, re-registering a previously registered firm where the below documents were not submitted on the previous registration of the firm, or converting existing firms from non-assurance to assurance, to first set up their audit quality structures before we register their firms.

We require this because we believe it is in the public interest for the IRBA as a regulator to ensure that all firms have their Quality Management structures in place. This also ensures that your firm is running in accordance with ISQM.

We generally find that the process of setting up these structures is one that is very beneficial to you and those you will be working with as it focusses on the overall structures in terms of quality.

Please visit the IRBA website for more information about the suite of quality management standards, including implementation materials.
