

**INDEPENDENT REGULATORY BOARD FOR
AUDITORS**

EXECUTIVE DEPARTMENT

IRBA News Issue 67 is Now Available on the Website

Johannesburg / 18 October 2024

We are pleased to inform you that the latest issue of IRBA News is now accessible on our website and social media platforms.

One of the main conversations in this issue is on rapid advancements in technology, such as artificial intelligence, automation and data analytics, which are transforming the auditing profession. Consequently, it is becoming more critical for the auditing profession to keep up with the impact of these technological advancements and the related cybersecurity risks, among others, when it comes to audits. All role-players in the profession, including regulators, need to gear themselves up for all these changes and adapt to the new environment.

On 21 November 2024, the IRBA will be hosting a webinar on Sustainability – The Big Picture. The event promises to be enlightening and engaging, with a range of subjects that will be tackled by various experts. It has been designed to foster collaboration and make a significant contribution to the evolution of standard setting

and the delivery of high-quality audits. Look out for more information on our website and social media platforms.

Also, we welcome Marius Fourie, who was recently appointed as Director Operations. He has been a valued member of our organisation for more than 16 years, and we are confident that he will lead the Operations team with distinction.

The newsletter can be downloaded from the [IRBA website](#).

Imre Nagy
Chief Executive Officer

About the IRBA

The objective of the IRBA is to endeavour to protect the financial interests of the South African public and international investors in South Africa through the effective and appropriate regulation of audits conducted by registered auditors, in accordance with internationally recognised standards and processes.
